

STEM for Kids Online Resources

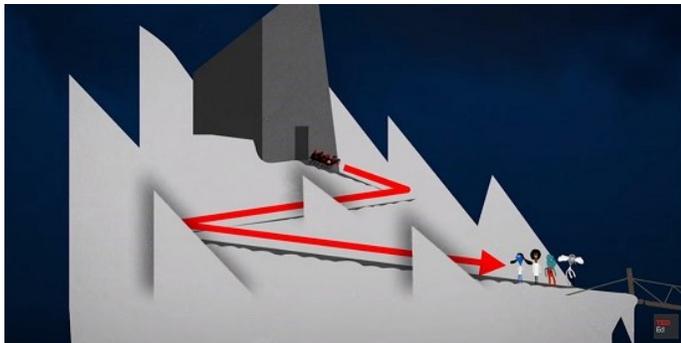

Mystic Aquarium is sharing fun and free resources for families to access from home through our "STEM Mentoring for the Planet" program. This week's theme is **Math Fun and Games**.

Odd Squad Games

Play these fun, interactive games from the PBS Kids Odd Squad show. You'll use math to help kid agents investigate strange occurrences in their town.

Can You Solve the Bridge Riddle?

Watch this video riddle to see if you can use math to figure out how to get yourself and your friends across a bridge before a group of zombies catch up to you! It is just one of dozens of fun riddles from TED-Ed.

Factris Game

Try this fun game from Mathigon. Just like in Tetris, you have to arrange falling blocks using the arrow keys. When you fill an entire row, it disappears. You can change the shapes of the blocks based on their factors.

Numbers Podcast

The questions we have about numbers are uncountable. But here are a couple: Where does zero come from? What is it like to do math when numbers have different colors? Find out in this podcast from Brains On!

Offline Math Fun

Check out these fun printable games and activities from Bedtime Math. Try your hand at Beach Ball Party, M&M Madness, and more!
