

Nikiski Clubhouse

Spring

2022

What a great Spring the Nikiski Boys and Girls Club has had! Our members enjoyed creating various activities through our Clubs: The Arts Box Club them was Art Through Geography. Our members also danced, sang and made beautiful music playing the bells and recorders. Our Lil-Sprouts Garden Club planted seeds using the winter sowing method and we also started composting! So much fun learning how to grow and return the scraps back to the earth. The Crunchy Crowds Cooking Club whipped up a few yummy edible crafts and activities! Edible art...could there BE anything better? The Chapter Chats Book Club Made their own reading journals and enjoyed exploring different types of literature. We also had a great time with tried and true activities such as board/card games, team building, and gym activities! One of the highlights of our spring was several visits from our friends at the Kenai Watershed Forum who worked with the older members and are planning to do field trips to some of our many water ways this summer. It's been an amazing spring and we are so excited for summer. Thanks to our 21st CCLC grant we were able to purchase supplies for a Lego Robotics to add to our STEM offerings. We are looking forward to seeing all members starting Tuesday, May 31st.

REGISTERED MEMBERS: 102	MEMBERS SERVED APRIL: 83	MEALS SERVED APRIL: 815	LOCAL JOBS PROVIDED: 7 ADULTS / 2 TEENS
-----------------------------------	------------------------------------	-----------------------------------	---
